

# IND EX® Safety Symposium

Meeting room, 3M level, CECIS | Shanghai

October 20, 2016

– the program –

09:00 – 09:05 hrs

**Stefan Penno**, IND EX | Germany  
welcome

09:05 – 09:45 hrs

**Dipl.-Ing. Richard Siwek**, FireEX Consultant Ltd. | Switzerland  
„Explosion Prevention Measures: How to apply these measures correctly?“

09:45 – 10:15 hrs

**Dr. Zhong**, Northeastern University | China  
„Development of Chinese Standards“

10:15 – 10:30 hrs

*break*

10:30 – 11:00 hrs

**Kristof De Gersen**, TÜV Süd | Belgium  
„Non-electrical equipment used in explosive atmospheres“

11:00 – 11:30 hrs

**Ralf Schäckel**, GreCon | Germany, China  
„Fire & Dust Explosion Prevention“

11:30 – 12:00 hrs

**Aleksandar Agatonovic**, Rico | Switzerland  
„Mechanical explosion isolation components and their service and maintenance“

12:00 – 13:15 hrs

*lunch*

13:15 – 13:45 hrs

**Yu Jing**, DuPont | China

„Analysis of Ignition Sources in Plants handling combustible dusts“

13:45 – 14:15 hrs

**Cain Wang**, DEKRA Chilworth | China

„Evaluating Dust Explosion Risks by Laboratory Testing“

14:15 – 14:45 hrs

**Niklas Kitzhoefer**, REMBE | China

„Flameless Venting Technology“

14:45 – 15:00 hrs

*break*

15:00 – 15:30 hrs

**Dipl.-Ing. Richard Siwek**, FireEX Consultant Ltd. | Switzerland

„Interconnected container: How are such container protected with constructional explosion protection measures?“

15:30 – 16:00 hrs

**Felipe Ong**, BS&B | Singapore

„Suppression & Chemical Isolation Technologies“

16:00 – 16:30 hrs

**John Shea**, IEP | China

„A system based approach to a complete explosion protection solution“
